Do you like this song? (Click star to rate) The needle in my record player has been wearing thin this record has been playing since the day you've been with him no longer riding long to another house from your station I didn't like it anyway remember the time we wrote our names on the wall? Remember when we realized 'exciting' was our favorite song? Have I waited too long? Did I find that one? Did I wait too long to see you? Have I waited too long? Did I find that one? Did I wait too long to see you? Maybe it's for the best maybe it's not for anything it won't be so bad to take this right since I no longer ride long to another house from your station I don't like it anyway remember when we wrote our names on the wall? Remember when we realized 'exciting' was our favorite song? Have I waited too long? Did I find that one? Did I wait too long to see you? Have I waited too long? Did I find that one? Did I wait too long to see you? Many times I tried to be simple for you so simple to lie many times I tried obvious mistakes from your design many times I tried to make it simple for you, so simple to lie obvious mistakes of your design many times I tried to make it simple for you, so simple to lie obvious mistakes from your design did I wait too long did I realize that someone I wanted too long to see you? I had a lot of luck behind me and I ran I had a lot of chances to see you found the song from the new glory album, nothing gold could stay, hits, icons and kill it live.
